## Get Smart Apparel Finished Measurement Brochure Jacket Measurements

### Basic Guideline for measuring Pants (Trousers)

- Waist
- Seat
- Thigh
- U-rise
- Pant length
- Bottom
- Knee

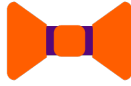

### Basic Guideline before Measuring

To ensure the measurements are precise, please pay attention to the following tips:

1. Put the garment on the table or floor and make sure it's flat and smooth without any wrinkle before measuring.
2. Please follow our regulation strictly for each item to guarantee the finished garment made by us is exactly the same as your original one.

If you have any questions or meet any special situations when you are taking the measurement, please feel free to contact our customer representatives directly.

## Measurement of Jacket

**1. Waist:** Keep the pant flat without any wrinkle, make sure the front waistband and back waistband is overlapped and aligned. Fasten the front button and hook. Measure along the top waistband horizontally. Twice of the measurement is the finished waist.

Measurement  
Details

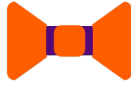

**2. Seat:** Unfold the pleat and zip up half of the zipper. Measure 0.8 inch above the zipper bottom paralleled to the front waistband. Twice of the measurement is the finished seat.
